---------	-------------------------	------------	----------------------------

*The cultural program timetable will be emailed to you shortly before your course starts. For more information about the cultural program, and for examples of previous schedules, head here: https://www.tu-berlin.de/menue/summer_university/cultural_program/

Engineering Tours for Course Content:

Two lecture days will involve faculty-accompanied tours where students will learn about precision measurement and design in both historic and current engineering practice. Student reports and problems for the course will be based on tour content. Faculty led discussions and reflections on the course content from a historical perspective will occur.

Tour 1: BMW Plant - Berlin
 Tour 2: TBA

Assessment information

Student grades will be comprised of performance on homework assignments, in-class group work, one short written report, and a culminating final exam.

- Group Work – 60 %
- Final Presentation – 40 %

Grading information

All participants of the TU Berlin Summer & Winter University are required to select their grading option at the time of registration. The two options available are (i) graded or (ii) pass/fail.

All participants who select option (i) graded, will receive a grade under the German grading system. The following table provides an overview of the grading system and equivalent scores for international credit transfers:

Total mark	German grade	English description
More or equal to 95	1,0	Excellent
More or equal to 90	1,3	Very good
More or equal to 85	1,7	Good
More or equal to 80	2,0	Good
More or equal to 75	2,3	Good
More or equal to 70	2,7	Satisfactory
More or equal to 65	3,0	Satisfactory
More or equal to 60	3,3	Satisfactory
More or equal to 55	3,7	Sufficient
More or equal to 50	4,0	Sufficient
Less than 50	5,0	Failed

Credit Points

ECTS is a point system and European standard developed by the Commission of the European Community. ECTS stands for European Credit Transfer System. The aim is to provide common procedures and guarantee academic recognition of studies abroad. The credit system is based on student workload. All lectures, seminars, excursions and homework count towards the workload. One point is awarded for the equivalent of 25-30 hours of workload.

Reading list

There are no required text books for this class. Students will be provided handouts, and/or will be emailed any useful materials.

Students will need to bring materials to take notes in class and should bring a laptop with Microsoft Word, Excel, and PowerPoint in order to complete assignments.
